Children Strikers.
Denver, Colo., Nov. 5.—Bitterness existing between strikers and strike breakers at the coal mines in the Lafayette district, 30 miles from Denver, has extended to the children of each

faction. More than 100 of the strikers' children refused to attend school with the children of the imported men, most of whom came from the West Virginia coal fields, and wherever the boys would meet fist fights were sure to follow. This condition of affairs practically depopulated the schools and the principal was compelled to call in the truant officers for advice.

Thanksgiving Day

Thanksgiving Day is the next occasion of importance. And the Thanksgiving Table must be made beautiful with well polished silver and sparkling cut glass.

Realizing that almost every El Paso hostess will require some piece of silver or something in

cut glass to complete her table, we are making special and extensive displays.

The silverware display embraces everything from the single pieces to the complete chests. "Gorham," "Alvin" and "Toule" are some of the well-known makers represented. We are anxious to have you see two especially beautiful patterns ---the "Colonial" and the "Bridal Rose."

The Cut and Engraved Glass display is equally as complete. We have the "Tuthill" Cut Glass, well known to connoisseurs for the beauty of its designs and the depth of the cutting. Prices on cut glass are exceptionally attractive--we show beautiful cut glass at \$5.00.

We are already making special preparations to serve Holiday shoppers. If you want to purchase now and have delivered later, we have ample storage facilities. Or, a deposit will hold any article until you are ready to purchase.

We remind you of the attractiveness of Silberberg packages, the daintiness of the box, the care that slights no detail.

CITY MAY BUILD BIG STORM SEWER

The city may construct the Main street storm sewer, running west from North Oregon street, mayor Kelly stated Saturday morning, as a result of a resolution passed by the city council at an adjourned session referring the proposition to the street and made committee with power to act.

The bids for the construction of the sewer, which were opened at the Thursday morning meeting of the council, were rejected, owing to the belief that the prices named were too high.

The council as a board of appeals, adjourned Friday morning until Monday.
